

## Class of 2027 Graduation Requirements

# Master of Health Administration (MHA)

The Master of Health Administration (MHA) program requires students to complete 33.0 credits through either full-time or part-time study. The curriculum consists of asynchronous didactic courses and hands-on practical experience gained through a Capstone Project.

Out of the total 33.0 credits, 27.0 credits are earned through four specialized certificates and a 6.0-credit Capstone Project.

**Note:** *FA = Fall Semester; SP = Spring Semester*

### Program Requirements

Certificate and Capstone Project	Credits
Community Health	6.0
Health Systems	6.0
Healthcare Economics	6.0
Leadership	9.0
Capstone Project	6.0

### Program Curriculum

The MHA curriculum is designed to provide students with a comprehensive understanding of healthcare and enhance their leadership and management skills, specifically for the healthcare sector. This is accomplished by completing four specialized certificates in areas related to the healthcare industry. The four (4) certificates that Master of Health Administration students will pursue are:

## KECK GRADUATE INSTITUTE
